To: The Mayor & Administrative Staff of the Town of Vegreville

Re: Don Mazankowski Statue

On behalf of everyone at the Mazankowski Alberta Heart Institute, we extend our sincere gratitude to the Town of Vegreville for its extraordinary gift of the Don Mazankowski statue.

The statue will serve as a daily reminder to patients, families, staff, physicians, and visitors of the legacy of compassion, innovation, and dedication that Don Mazankowski inspired. His contributions to healthcare continue to influence the lives of countless Albertans, and this tribute will ensure that future generations understand the impact of his leadership.

Thank you for entrusting the Mazankowski Alberta Heart Institute with this meaningful piece of history. We are honored to provide it with a place where it can be appreciated by all who walk through our doors for many years to come.

With sincere appreciation,

Amy Manchak on behalf of
The Mazankowski Alberta Heart Institute
