New Residential Recycling Program Begins October 2026

As part of Alberta's transition to an Extended Producer Responsibility (EPR) recycling system, Vegreville will move to an enhanced residential recycling program beginning in October 2026. Under the EPR system, established through Government of Alberta regulations, producers will take on responsibility for funding and managing residential packaging and paper recycling.

Circular Materials will oversee the new program, with Integrity Solutions providing residential recycling collection services in Vegreville. New recycling carts will begin arriving at households in mid-September. Beginning October 6, 2026, recycling will be collected from the front curb only, and existing rear-lane recycling bins will be removed.

Important: Town-owned blue recycling carts will be collected on Tuesday, September 29. Residents should place their Town-owned blue cart at the curb by 7:00 a.m. for pickup. The new Circular Materials recycling carts will remain at residences and are not part of this collection.

FIRE PREVENTION WEEK OCTOBER 4 - 10, 2026

SAFE CHARGING IS A SUPERPOWER

- Use approved gear: Always use chargers and cords approved by the device manufacturer.
- Hard surfaces: Charge devices on hard, flat surfaces instead of beds or couches.
- Unplug: Unplug items once they are fully charged.
- Outdoor charging: Charge heavy items like e-bikes, scooters, and power tools outside.
- Watch for warnings: Stop using a device immediately if it feels too hot, swells, leaks, smokes, or makes noise.
